

Corn Maze!

Our larger size maze covers about three acres. We have a smaller maze that will be perfect for your younger aged group which is around 1 acre in size. Not only is this maze fun and recreational, but also your group will be able to see what a mature corn plant looks like up close while walking around in the corn.

Farm Tours 2008
Starting
September 16th

Feed the Fish & Aquarium!

Our 405-gallon aquarium will give your group a much closer look at our fish. Although we aren't a fish farm your group will enjoy throwing fish food into the water and watching them eat much like commercial fish are fed.

Christmas Trees

Take a tour through a working Christmas tree farm! Your kids will learn how seedlings are planted as well as the care needed to turn an ordinary tree into a spectacular Christmas tree that's ready to be cut down and carried home. Also, they will learn what positive environmental impacts an acre of Christmas trees have on the earth.

Lunch

We know that your tour may take place during the normal lunchtime hour and if that's the case we have an open area that can be used for a picnic. We ask that garbage be collected and taken with you.

*We're sorry, but we don't have dumpsters to hold it.

Play with a Dog Named Amos

Our chocolate lab loves to play and is really good with kids. Your group can throw a stick for Amos, the family farm's dog, and watch him retrieve it time after time or at least until it's time to go.

Free Gift

Your kids can choose between a small pumpkin or a gourd and an ear of Indian popcorn that really pops!
